Re: Proposed New Patent Application
For: Fas Ligand
Inventor: Steve Ruben and TIGR Inventors
Our Ref. PF261

Dear Greg:

Pursuant to your discussion with Bob Benson, enclosed please find a new patent application disclosure and references for the above-identified invention. We have asked Steve Ruben to supply us with a disk copy of the questionnaire which will be forwarded as soon as possible.

Please give this application priority over all other applications you are currently handling for HGS in order that it may be drafted and filed on an expedited basis.

Thanks very much.

Very truly yours,

Kathryn L. Beckman
